Few Words **ABOUT US**

DNG EXPORTS, on the leading edge of technology, is engaged in manufacturing of cable glands & electrical accessories since 1985. We are operating in steps with the advances of CNC technology, automated systems and advance manufacturing processes and techniques.

DNG Exports provides one stop solution for Electrical Cables, Conductors & Wires, Cables Accessories, Earthing & Lightning Protection System, Electrical Components, Cable Lugs, Cable Management System, Terminations & Joints Kits., Which covers a wide spectrum of armored and unarmored cables, and thus providing total solution of cable termination to hazardous and non-hazardous areas of electrical installation. DNG EXPORTS has the most comprehensive UL & Atex Certified Cables Glands, Lugs & Accessories range. Our unfailingly rigorous quality consciousness virtually gained us the brand name **XANAX** which made us exceptional amongst our competitors and brought to us with in the gone off many valuable customers globally. Our Product suits to all industrial assemblies & industrial applications.

With state of the art machineries, skilled labour, sufficient measuring instruments and well experienced management, we always serve better quality at best prices. We are committed in our efforts to give you total satisfaction in terms of product and service.

VISION

To be the leader in quality electrical equipment's & components manufacturing in India and export our MADE-IN-INDIA brand to become a globally recognized player.

MISSION

Develop, manufacture and invent products capable of delivering electricity safely and reliably to help our global customers succeed.

WHAT MAKES US DIFFERENT?

- ▶ **Commitment to customers:** we develop relationships that make a positive difference in our customers' lives.
- ▶ **Quality:** we provide outstanding products and unsurpassed service that, together, deliver premium value to our customers.
- ▶ **Teamwork:** we work together, across boundaries, to meet the needs of our customers.

Quality Policy

Superior quality is the primary concern at DNG Exports. We strictly adhere to stringent quality management systems in order to facilitate an error free production from every stage. Our entire manufacturing process is monitored by a team of well professionals having years of experience behind them.

Our plant has maintained ISO 9001:2015, a certification of quality management systems maintained by the International Organization of Standardization and administered by certification and accreditation bodies.

To provide high-quality products confirming to International Standards is our Quality Policy. We maintain consistency from Product Material Choice, Product Design, Product Standards, Manufacturing Process, Inspection, Packaging and Delivery.

Quality Control Equipments

Vigorous tests are conducted on all incoming raw material, intermediate and finished products to ensure best quality products as per Quality Assurance Plan

Health & Safety Policy

- ▶ DNG Exports strives to create a safe and healthy working environment since employee welfare is our priority.
- ▶ All activities that would endanger the health and safety of our employees will always be monitored. Regular health surveillance will be made as per necessity.
- ▶ DNG Exports takes care of the employees as they are all an integral part of the family.

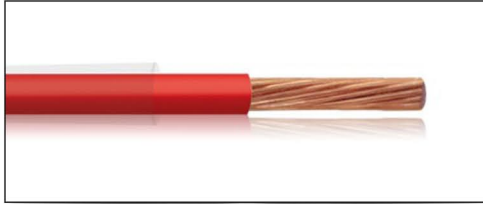

Environmental Policy

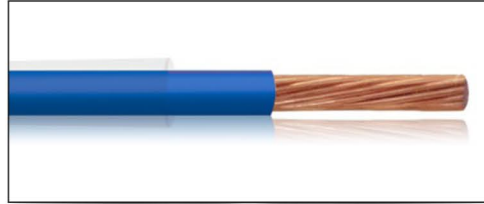

- ▶ DNG Exports is an environment-focused company that holds a policy that does not harm the environment locally, nationally or globally.
- ▶ We will continuously measure the impact on the environment and strive for continuous improvement.
- ▶ DNG Exports will comply with all relevant environmental legislation and mandatory requirements and shall continuously raise awareness among our staff regarding the environmental issues and enlist their support in improving the company's performance.

III Infrastructure III

We have established a state of art infrastructure with latest automated machineries which is segmented into different divisions for smooth and hassle free working. With over 20,000 sq. ft. manufacturing area, segmented for each area of operation, each segment has necessary facilities including modern machineries and tools. Our infrastructure has not only enabled smooth production of large batch but also helped us to make our position strong in global market.

We have employed latest and high tech machinery for production of our products which includes many semi automatic and automatic machineries for the efficient and effective production process. Our well developed and advanced manufacturing units are spread over a wide area of three thousand square feet. This is very helpful for operation of large machineries. We also have a separate R & D unit for continuous research and development to come out regularly with new products and improve the quality of existing products.

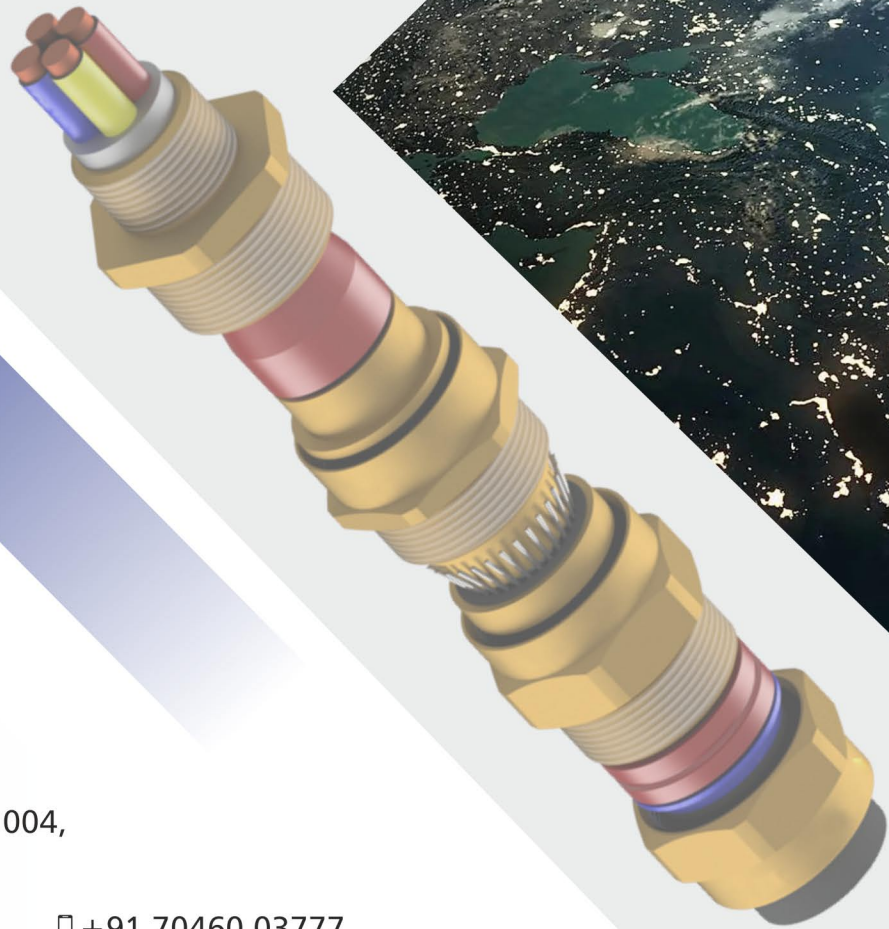

III Our Exports

Countries We Serve

- ▶ Kingdom of Saudi Arabia
- ▶ United Arab Emirates
- ▶ Bahrain
- ▶ Kuwait
- ▶ Libya
- ▶ Algeria
